WINTER BULB SALE

HAROLD B. HIGGINS
GLAD - ACRES
Preston, Maryland

Dear Friends,

Greetings for 1953!

To save on time, space and cost, we have trimmed our catalog down to the minimum of description and non-essential matter.

Our bulbs this year are of a fine quality that should do your garden proud.

We regret that, by accident, last year some diseased stock of Lavender Dream was sold. If you bought this variety from me and it was a failure, please write me your name, the number bought and the number of failures and, after checking your order, I shall replace the number you claim as failures. I sincerely hope that not many had any trouble with it. Some of this variety was also included in the Ideal Collections so the same applies to you who bought these collections.

Get your order in early this year so as to be more sure of getting what you really want.

Sincerely yours,

HAROLD B. HIGGINS.

PRICES

You will undoubtedly notice that our catalog has been worked out into three different price groups. All varieties in each group are the same price.

The price for each group can be found under the group title. These groupings are for your convenience in more rapidly locating varieties in the price range that you feel you can afford. All prices include Parcel Post except the Quantity Listing which is F. O. B., Preston, Maryland.

ORDER EARLY

Four Reasons Why

First Come First Served. The early buyer gets the pick of the bulbs. The largest bulbs are always selected first.

The Early Buyer is more apt to get the varieties he wants before they are sold out.

Early in the season when we have a large stock we usually put in more and better extras than we can later when our stock is low.

The Early planting is likely to give you better blooms than later plantings. So **Please** order early.

GUARANTEE

Satisfaction is the rightful expectation of every buyer of merchandise

We try to do more than satisfy. We want to please you so much that you will tell your friends of Glad-Acres. But, for you to be perfectly satisfied with the quality of your blooms, depends on your care, your soil, the location, and the weather. Please consider these conditions before planting and remember that it takes more than a good healthy bulb to produce A-1 blooms. They appreciate a little care and attention to really flourish. Every precaution is taken at Glad Acres to assure you of disease and thrip-free bulbs. To help you with your glads after you receive the bulbs from us we enclose with each order a sheet of cultural directions. If you follow these directions, you should be more than pleased with the result. However, due to so many conditions beyond our control, such as soil, water, the care they receive, etc., we can not guarantee the final result of either blooms or the bulb crop. We do guarantee each bulb to be true to name.

SHIPPING

All shipments will include complete cultural and planting directions. Orders will be acknowledged by card. Shipments will be made as soon as possible upon receipt except during extreme winter weather when shipment will depend on the weather and the destination, when a slight delay may be advisable. We will follow any shipping instructions that you may include with your order. All orders accepted subject to prior sale.

YOUR ORDER

In making your order please list several substitutes because we are always short of several varieties and sell out early in the season.

PLEASE make your remittance by check or money order. We can not be responsible for currency sent with order.

GIFTS

Any one of the collections will be appropriately wrapped as gifts for birthday, Christmas, Easter, Mother's Day or any other special occasion, to be sent to you, or the person and address that you direct. Please give directions for card and any other instructions that you wish executed.

PHARAOH*

A Glad Acres origination that has met with outstanding popularity with the home gardener as well as with the commercial grower and florist. A tall robust grower that resists heat and drought also resistant to many of the glad diseases. Seven blooms open on a 5-6 ft. 19 bud nearly always straight spike. Color is a glowing pink salmon with a cream yellow throat and midribs. Now that the price is down in the standard group it should find a ready market among those growers who demand first quality blooms for their whole-sale or retail trade and it will pay any grower to get a good start on this variety. It's a wonderful propagator and bulblets germinate easily.

ALL QUOTATIONS SUBJECT TO PRIOR SALE

Terms F.O.B. Preston, Maryland. Cash with order

FALL AND WINTER GLAD BULB SALE

All orders received during November, December, and January are subject to the following fall and winter discounts.

Named varieties, November 20%, December 15%,
January 10%.

Collections, November 15%, December 10%,
January 5%.

Several varieties listed in 1953 catalog are being discontinued and are completely out of stock and as the sale applies only to varieties in stock we suggest that you list several substitutions.

As a further inducement we are offering the following bonus of free bulbs. With each order of \$5.00 or more twelve bulbs free of either Pharaoh, Elizabeth the Queen or Snow Princess. With each order of \$10.00 or more an Ideal Collection of thirty bulbs free. With each order of \$15.00, both the twelve group and the Ideal Collection. A \$20.00 order gets the same bonus of the fifteen dollar order plus three bulbs of our 1954 introduction that will retail for a dollar a bulb. A \$25.00 order will include as a bonus a one hundred bulb collection plus the three bulbs of new introduction, Pharaoh's Queen.

This bonus applies to the quantity prices but will be shipped express collect.

REMEMBER --- Glad bulbs for Christmas--
a wonderful gift.

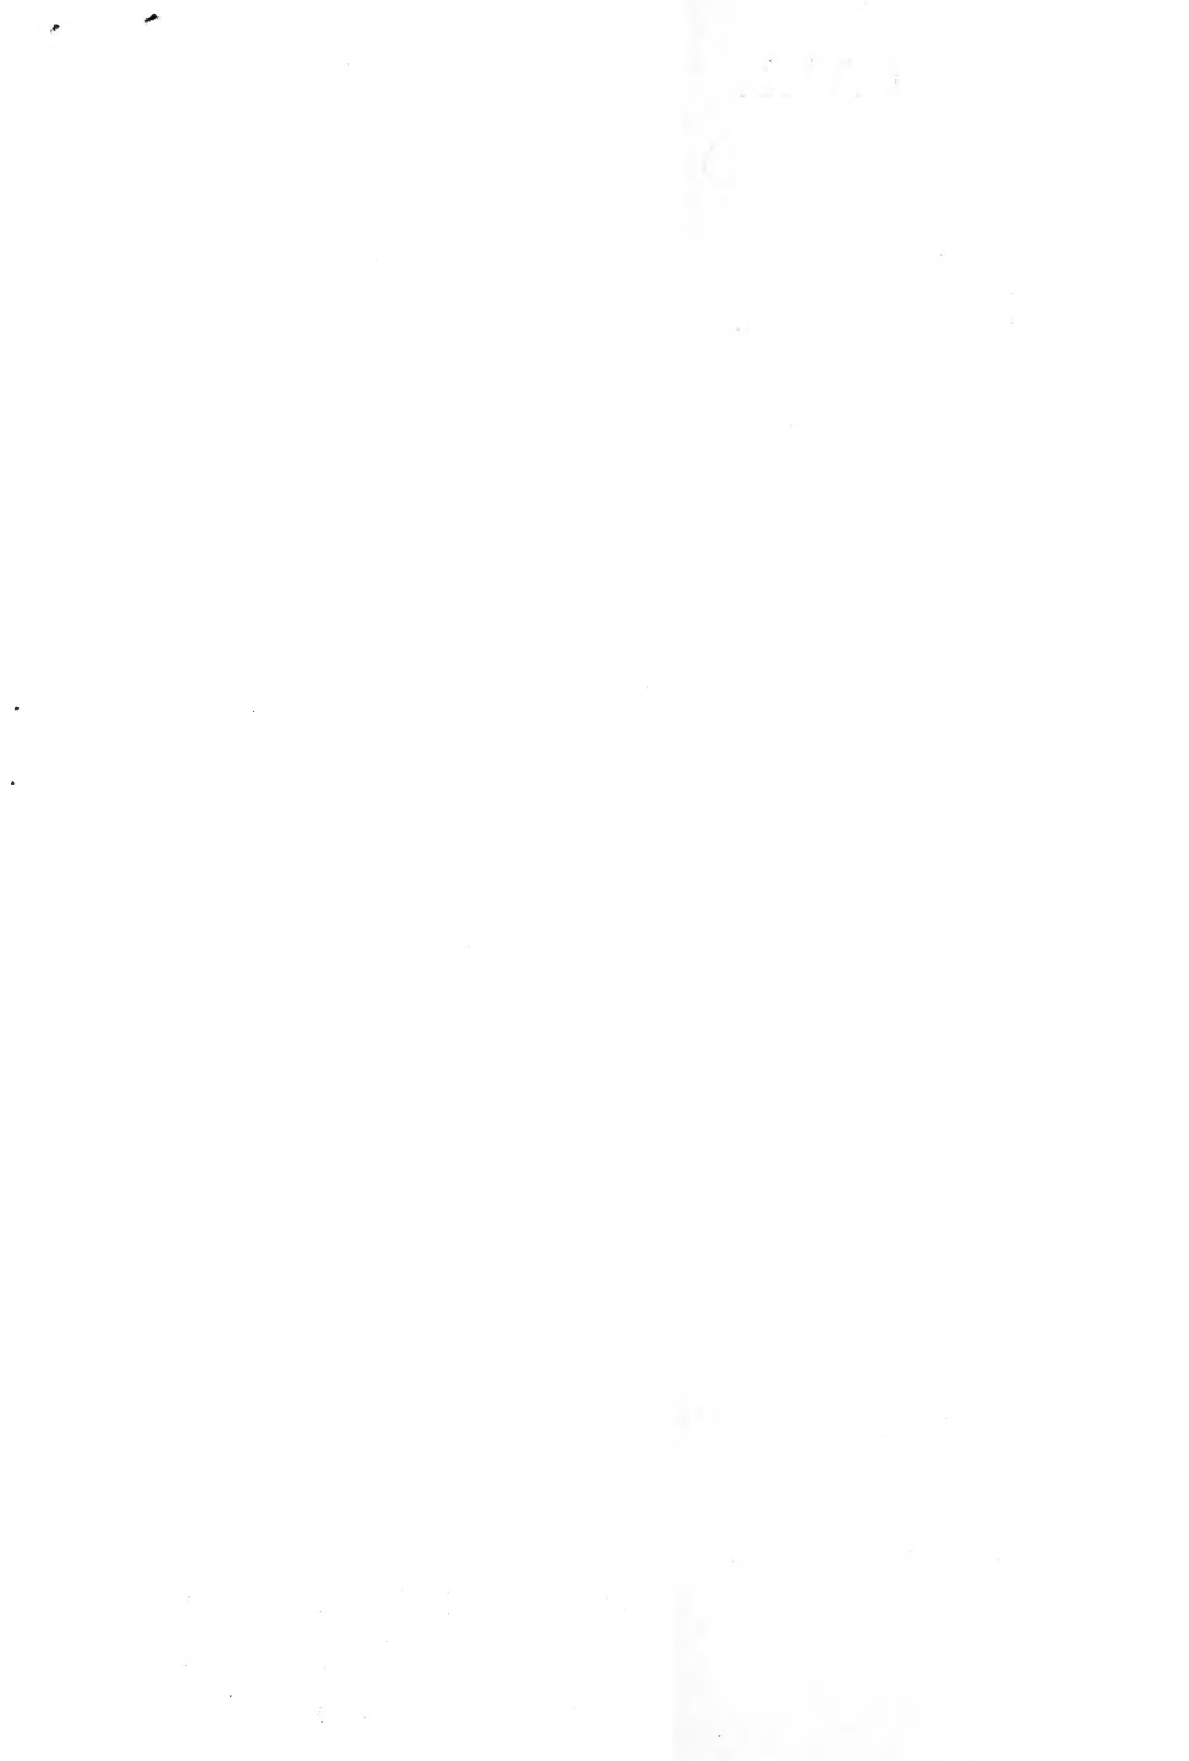

1954 catalog will be out sometime in February.

Orders accepted immediately, but will not be filled until December 15th (weather permitting) or as directed in order.
